School Overview

Hughenden State School is a P to12 school located 380 kilometres west of Townsville, serving the community of Hughenden and the Flinders Shire. The school has a current enrolment of about 120 students. The school's size ensures that students gain the social and educational benefits of a 'big' school while enjoying the support and close monitoring that derive from a tightly knit, family friendly and inclusive community. Primary students enjoy a wide range of learning activities with a core focus on the development of literacy and numeracy which forms the basis of the primary timetable and is supported by thematic and KLA based units. Studies in the primary phase are enhanced by a range of programs including music and enrichment activities. Students in the secondary phase select from a diverse range of study options made available in Year 7 to 10 through the school's vertical timetable. In Year 11 and 12, a range of learning pathways are available with authority and authority registered subjects, VSS courses, school based apprenticeships, certificate level qualifications and a flexible timetable structure.

Principal's Foreword

Introduction

School Progress towards its goals in 2017

Hughenden State School will facilitate instructional coaching, through collaborative inquiry to improve teaching practice aligned to the Australian Professional Standards for Teachers. This work will be informed by evidence-based practice and research grounded in knowledge about how students learn and will support all staff to achieve high standards. All teachers will employ high quality evidence-based practice that is precise and involves monitoring and tracking student improvement through student achievement data which will improve student learning and level of achievement across all curriculum areas. All students will be engaged in learning, achieving and transitioning to further education, training and employment.

The above underpins our three key improvement goals which are;

- Quality teaching and learning
- Successful learners
- Safe and supportive environments

Future Outlook

The three key improvement goals for 2018 will be:

- Quality teaching and learning
- Successful 21st Century Learners
- Safe and supportive environments

Further to these improvement goals the school will also focus on the following and implement at 12 month Action Plan in consultation with the School Improvement Unit:

- Develop and implement a parent and community engagement framework that outlines school processes for engaging with parents and the community to work together to maximise student learning outcomes.
- Collaboratively design and implement an effective communication strategy to build positive relationships with staff members, parents and the wider community.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

The school population has a contrast of students who are the second, third or fourth generation of their family to attend HSS through to a noticeable trend of transient students. Our local Indigenous population fluctuates with some movement into and out of the community, currently these families comprise 30% of the total school population. Our school has an increasing number of students with Education Adjustment Profiles however they are included into mainstream classes and supported with an Individual Education Program or Individual Curriculum Plan as required.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

Curriculum Delivery

Our Approach to Curriculum Delivery

- Four Lesson Sequence in early years
- Teaching with a literacy focus across whole school in all curriculum areas
- Use of learning walls in every classroom
- One Sentence at a Time – Writing Focus

Co-curricular Activities

- Student Leadership – Secondary Leaders' participation Local Government Council Meetings, YLead conferences.

- Secondary Student Leaders for primary classes.
- Sport – Inter-house, District, Regional Representatives.
- Hughenden Show – Arts
- Community Events – NAIDOC Week, JCU Careers Expo., ANZAC Day Ceremonies
- Under 8s Day
- School Camps and Excursions

How Information and Communication Technologies are used to Assist Learning

Classrooms are places of collaboration and discovery where information and communication technologies (ICTs) are integrated into the learning process. Technology is used to facilitate the acquisition of more general skills such as critical thinking, communication, and life-long learning. New technologies are used to improve most areas of education such as increasing access through distance learning. All classes utilise a range of digital devices for learning including iPads, Laptops, Document Cameras and Desktop Computers

Social Climate

Overview

The School Wide Positive Behaviour for Learning Program is being revised and transformed into a Positive Behaviour for Learning approach to further consolidate a positive and supportive social climate. The use of explicit targeted lessons will form one basis to underpin and reinforce whole school expectations. The school actively promotes and uses High 5 anti-bullying strategy with visual reminders displayed around the school. The shared values of the school community are included on the matrix of expected behaviour poster. This is displayed around the school along with the High 5 steps for dealing with bullying and is constantly referred to by all staff.

House Spirit is used to support and promote school pride. Our school chaplain adds another layer of social and emotional support for our students. A school based Nurse supports students from prep to year 12, the nurse also assists the smaller schools within our local district, the playgroup and kindy programs.

Parent and community engagement

We continue to develop and build stronger and closer partnerships with our local council with our focus on building student capabilities and linking training programs to local employment opportunities. Our P&C Association membership has continued to grow and this has resulted in a far more effective parent body who is working diligently to engage the whole community. Functions organised by school and or the P&C have experienced strong support from the parents and community. Consistent parent involvement in their children's education is proven to be a significant factor in student success. Parent feedback is sought through internal surveys and P&C discussion. Internal surveys gain a higher percentage of responses than the annual School Opinion Survey. Twice a year we have student parent learning fairs which encompass student displays of completed work and assessment folio's where parents are invited along to view and be active participants as their child guides them through the learning that has occurred. All teachers regularly communicate with parents / caregivers through class newsletters

phone calls, emails and text messages. Whole school activities such as Inter-house Sports carnivals, Open Classrooms, -Fete (incorporating the Monster Raffle), and Hughenden Golf Day are very well supported by a wide cross section of parents and family members. Our school facilities are used by a range of community groups throughout the year for activities that utilise both our facility with buildings & grounds and the use of resources that can assist other groups through valued partnerships.

Respectful relationships programs

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	17	21	25
Long Suspensions – 11 to 20 days	0	0	1
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

All staff model and promote energy efficient practices in relation to air conditioner use throughout the school in the warmer months of the year.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	164,050	
2015-2016	161,341	9,488
2016-2017	172,638	9,909

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Student Destinations

Post-school destination information

The results of the 2017 post-school destinations survey, Next Step – Student Destination Report (2017 Year 12 cohort), will be uploaded to the school's website in September.

Schools with fewer than 5 responses will not have a report available on the post-school destinations of Year 12 completers for reasons of confidentiality.

The report will be available at:

<http://www.hughendess.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx>

Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

Some early leavers were unable to be contacted due to moving within the state and inter-state, this is a small but continued trend. Local employment was the main destination of those early leavers who remained in the area. The school adopts a case management approach when possible through a Senior Phase Leader role which is undertaken by a Senior Teacher.
